1 Foreword

The 2020 Approved Schedule of Fees and Charges outlines all fees and charges that may be levied by RMIT for enrolment or other engagement with RMIT and select controlled entities of RMIT, including RMIT Online and RMIT Training, henceforth collectively referred to as 'RMIT', in the 2020 calendar year.

This document is published under the authority of RMIT Council. All fees in this schedule and its appendices are subject to alteration by Council without prior notice. Approved changes will be recorded in the relevant fee schedule and published at rmit.edu.au/fs/studentfees/schedules.

Only fees that have been approved by the Vice-Chancellor, or delegate, can be charged to students or persons; fees that have not been approved should not be charged or collected. All student fees must be charged through RMIT's student administration management system (SAMS) unless otherwise approved by Finance.

All fees and charges listed in this document and its appendices have been endorsed by Finance and approved by the Vice-Chancellor. Any queries about this document can be lodged online at rmit.service-now.com/connect.

In broad terms, there are four categories of fees charged by RMIT:

1. Tuition fees for higher education, vocational education and preparatory students. The tuition fees charged depend on a student's citizenship and the type of place they have been offered.
2. Student services and amenities fees (SSAF) for services and amenities of a non-academic nature that enhance the student experience, such as sporting and recreational activities, employment and career advice, child care, financial advice and food services.
3. Materials fees and charges associated with programs and courses offered by RMIT. These include fees and charges for field trips and goods that are used to produce items that become the physical property of students.
4. Administrative fees and charges include fees for services, graduation ceremony attendance, parking, library fines and penalties for late enrolment.

The following sections detail the fees and conditions that may apply to fees charged to students or persons for enrolment or other engagement with RMIT during 2020. Information about fees is also available online at rmit.edu.au/programs/fees.

2 Application of the 2020 Approved Schedule of Fees and Charges

All students or persons who enrol at RMIT for studies in the 2020 calendar year, or who otherwise engage with RMIT in 2020 (e.g. graduation, car parking, application for admission) are subject to the fees and charges detailed in this document.

All students who undertake their studies at RMIT in the 2020 calendar year are required to enrol. Completion of an enrolment form or online enrolment is a declaration that binds a student to the rules and obligations of this schedule, inclusive of amendments subsequently approved by Council. A student or person is liable for the financial obligation that results from the application of their enrolment or other action pursuant to this schedule.

If a student has enrolled and wishes to cancel their enrolment, it is their responsibility to inform RMIT before the relevant census date. If they fail to do this their financial obligation remains and they will remain liable for all fees (such as tuition, SSAF and administrative fees), even if they are no longer attending classes. If a student has deferred their fees using a Higher Education Loan Program (HELP) loan, e.g. HECS-HELP, FEE-HELP or a VET Student Loan, they will still have to pay their loan if they cancel their program after the relevant census date.

2.1 Creation of financial liability

Financial liability for all tuition and administrative fees and charges is created at the point of enrolment. Students become liable for materials fees upon signed agreement and/or upon receipt of the corresponding goods or service.

2.2 Cessation of financial liability

Financial liability only ceases upon payment or withdrawal from a course or program by the appropriate date.

The only mechanisms to withdraw from a course are dropping individual courses, lodging a *Leave of absence* request or lodging an approved *Enrolment variation* form.

The only mechanism to withdraw from a program is by lodging a *Cancellation of program enrolment* form via Enrolment Online or with RMIT.

Note: a student cannot cancel their program online if they are:

- an Open Universities Australia (OUA) student, unless they are enrolled in an OUA Commonwealth supported place (CSP)
- an international onshore student under the age of 18
- an RMIT English Worldwide (REW) student *
- studying at RMIT International University Vietnam (RMIT Vietnam)

To cancel their program, a student who belongs to one of the categories above is required to:

- contact RMIT Connect to obtain the hard-copy program cancellation form
- lodge the form at RMIT Connect before the relevant census date

For more information about enrolment variation, leave of absence and cancellation of program enrolment visit:

- [rmit.edu.au/students/student-essentials/information-for/rmit-online-students](https://www.rmit.edu.au/students/student-essentials/information-for/rmit-online-students)

* REW students must lodge their forms with RMIT Training. Learn more at [rmittraining.com/academic-english](https://www.rmittraining.com/academic-english).

2.3 Governing legislation

The 2020 Approved Schedule of Fees and Charges has been prepared based on the current Australian and Victorian legislation and administrative guidelines that govern RMIT operations.

RMIT reserves the right to amend the fees, charges and guidelines detailed in this document in-line with any changes to the legislation and guidelines implemented after its publication. Should any inconsistencies arise between this document and the legislation and guidelines, the legislation and guidelines will prevail.

3 Tuition fees

3.1 Annual fees

Students will be charged a fee per unit for each course (subject) they enrol in, which is based on their program code (and, in some instances, admit term, see section 3.2). Higher education and Foundation Studies students will be charged a fee per credit point and preparatory and vocational education students will be charged a fee per nominal hour.

This does not apply to students enrolled in a Commonwealth supported place or the Associate Degree in Aviation (Professional Pilots), whose fees will be calculated based on their individual courses and the fee per course may vary.

Program and course tuition fees for students who commence their program in 2020 are held constant for the 2020 calendar year only.

RMIT reserves the right to annually adjust program tuition fees. Changes to program tuition fees will be applied at the beginning of each calendar year. In 2020 and future years the annual tuition price increase is capped at 7.5%.

This cap applies to:

- domestic and international onshore full-fee higher education students (including students enrolled with RMIT Online)
- international onshore full-fee vocational education and preparatory students
- international offshore students who are enrolled with and pay fees to RMIT Australia

For higher education fees, tuition fees may be rounded up to the nearest \$10.00 per credit point increment, and so the actual fee increase may exceed 7.5%.

Similarly, for international onshore vocational education and preparatory students, the program annual fees may be rounded up to the nearest \$250.00, and so the actual fee increase may exceed 7.5%.

Domestic vocational education fees are not subject to an annual cap and fee increases may exceed 7.5%.

The terms and conditions detailed in this document relate to 2020 commencing and returning students and are subject to annual review. Students who commence their program in subsequent years will be subject to the terms and conditions prevailing at that time.

Any changes to terms and conditions will be communicated prior to their effective commencement date.

3.2 Cohort pricing

Where the tuition fee for a given higher education program exceeds the cap on annual tuition price increases, a student who is currently enrolled will be entitled to complete their program at their current fee rate (subject to annual indexation), while newly enrolling students will be charged at the new fee rate. Any change of program is treated as a new enrolment.

The domestic and international lists of the average annual 2020 tuition fees for all undergraduate, postgraduate and higher degree by research programs in Appendices 1, 3, 4 and 6 may, therefore, include two or more price streams for a single program.

Where this occurs, the 'program description' field will indicate the cohort by calendar year that corresponds to the annual fee price listed. A student is allocated to a cohort based on the semester and year they commenced their program.

3.3 Short and Single Courses and RMIT Creds

An RMIT short course offers students the opportunity to quickly enhance their professional skills, increase general knowledge in a chosen area or simply nurture a new talent or hobby.

RMIT also offers a wide range of single courses from degrees, which are available for students to study even if they are not enrolled as a university student. Single course students take the same classes and complete the same assessment tasks as enrolled RMIT University students.

RMIT Creds is a University-wide digital credentials program available to all current students, designed to help them develop their own skills and experiences, actively preparing them for future life and work. Students can choose their learning path to create their own portfolio of professional and personal skills and capabilities.

For more information about how to enrol in a short or single course or RMIT Cred, and any fees that may apply, visit:

- shortcourses.rmit.edu.au
- rmit.edu.au/creds

3.4 International students on a non-student visa

Eligible international onshore students who hold a visa other than a student visa (such as a working or spousal visa) and are not subject to the Education Services for Overseas Students Act 2000 (ESOS Act) will be charged a fee equivalent to the domestic full-fee for their program.

RMIT uses admission codes 'BK' (higher education) and '76' (vocational education and preparatory) for this purpose. Domestic full-fees are detailed in Appendix 1 (higher education) and Appendix 2 (vocational education) and Appendix 4 (RMIT Online).

3.5 Standard or average load

Annual tuition fees are based upon standard or average load (total program load ÷ standard program duration) and normal progression, with pro-rata fees applying to non-standard loads.

Higher education tuition fees are charged at a rate per credit point and the standard measure of a full-time student load is 96 credit points per year. Some programs, such as double degrees, may require the student to enrol in more than 96 credit points in some or all years of the program and fees will be charged accordingly.

Vocational education programs do not conform to a standard load per year, and the annual fees for these programs are based on a calculation of total program fees (at current year prices) divided by program duration.

Due to their variable program structure, some vocational education programs may have different fees that depend on a student's chosen stream or specialisation.

Vocational education tuition fees are charged at a rate per nominal hour and a student's fees are calculated each year according to their enrolled load at the program price set for the corresponding calendar year.

To illustrate, a program requiring 1,500 nominal hours over two (2) years may require students to undertake 700 nominal hours in the first year and the balance of 800 nominal hours in the second year.

Assuming full-time enrolment, the student will be charged for 700 nominal hours in the first year at the rate per nominal hour set for that calendar year and for 800 nominal hours in the second year at the new calendar year rate.

The fee charged for each semester in a calendar year may also vary depending on the program's enrolment structure. As an example, a student required to complete 700 nominal hours in a calendar year may be enrolled in and charged for 300 in semester one and 400 in semester two.

Over the full duration of the program, the total program tuition fee will be the fee quoted, subject to annual indexation.

Vocational education fees may be more than the total program tuition fee (including annual indexation) if a student chooses non-standard electives or if a student enrolls in subjects in addition to the standard program load.

3.6 Higher Education – Commonwealth supported places (CSPs)

A CSP is a place at university where the tuition fee is jointly paid by the student and the Commonwealth Government. The student's share of the fee (student contribution) is set by the government and determined by the discipline areas (bands) of their individual enrolled courses (subjects), not the overall program.

A student is a CSP student only if they have received confirmation from RMIT that they have been offered a CSP and the student accepts that place and their eligibility has been verified.

Some CSP students, including undergraduate students studying with RMIT through OUA, may be eligible for a HELP loan, which will allow them to defer payment of up to 100% of their student contribution (see section 3.7) unless they exceed their HELP loan limit. For more information about CSPs, visit rmit.edu.au/programs/fees.

3.6.1 Calculating the student contribution

CSP students are charged a student contribution amount per course. Within 28 days after the course census date and deferral of the course fee, the student will be issued with a Commonwealth Assessment Notice (CAN). A notification email will be sent to their RMIT student email account and their nominated personal email when a CAN is available to view via Enrolment Online.

The student contribution amount for a course is based on the student contribution band that the course falls within (see Table 1) and the Effective Full-Time Student Load (EFTSL) weight of the course as a proportion of a full-time study load (i.e. student contribution band x EFTSL course weight). The weight of courses is measured as a proportion of a full-time student load (1 EFTSL) and can also be measured in credit points.

A standard annual full-time load for higher education students at RMIT is equivalent to 96 credit points. Some programs, such as double degrees, may require the student to enrol in more than 96 credit points in some or all years of the program and fees will be charged accordingly.

It is important to note that the student contribution bands are determined by the individual 'unit of study' (which RMIT defines as a course), not the program or degree.

That is, if a student enrolls in a nursing course and an accounting course as part of a Bachelor of Nursing program, the nursing course will be charged at the Band 1 rate and the accounting course will be charged at the Band 3 rate.

Detailed information regarding the calculation of student contribution amounts is provided at rmit.edu.au/programs/fees.

* **Table 1: Maximum student contribution amount by student contribution band - 2020**

Student contribution band	Maximum student contribution amount for a place in 2020 (1 EFTSL or 96 credit points)
Band 1: humanities, behavioural science, social studies, education (see Notes), clinical psychology, foreign languages, visual and performing arts, nursing (see Notes)	\$6,684
Band 2: mathematics, statistics, computing, built environment, other health, allied health, science, engineering, surveying, agriculture	\$9,527
Band 3: accounting, administration, economics, commerce, law, dentistry, medicine, veterinary science	\$11,155

Students who enrol in courses outside of their program structure cannot access Commonwealth Support for those courses. Students must seek to enrol in courses outside of their structure as a non-award enrolment, subject to the full-fee rate, unless the School approves non-standard enrolment in advance AND the student load is still within the credit point limit, then the student can enrol in the course as a CSP. The HELP limit may still apply if the student is HECS eligible.

*** Notes on Table 1:**

1. If the student contribution amount for a course is an amount made up of dollars and cents, it will be rounded down to the nearest dollar (e.g. \$6,684 x 0.125 EFTSL = \$835.50, which will be rounded to \$835).
2. For students who commenced their course of study before 1 January 2010, the maximum annual student contribution amount that may be charged for education and nursing units in 2020 is \$5,348. Students who started their course of study on or after 1 January 2010 are subject to the maximum student contribution amount specified in the table above. See section 3.6.2.

3.6.2 Pre-2010 students

From 1 January 2010, the maximum annual student contribution amount for education and nursing units of study increased from the National Priority Band rate to the Band 1 rate. This applies to students who commenced their program of study from 1 January 2010.

Continuing students will continue to be subject to the National Priority Band rate that applied in 2009, indexed for subsequent years (\$5,348 in 2020).

A person is a pre-2010 student for a 'unit of study' (course) if:

- the person commenced a 'course of study' (program) with a provider before 1 January 2010 and was a Commonwealth supported student in relation to a unit of study in that course, and
- the person did not complete the course by 31 December 2009, or if they completed the course, it was:
 - o an enabling course undertaken in 2009, or
 - o a related course for an honours course of study and they are undertaking the honours course of study, and
- the unit of study would have been included in Education in the funding cluster Mathematics, Statistics, Behavioural Science, Education, Computing, Built Environment, Other Health or the funding cluster Nursing repealed by the Higher Education Support Amendment (2009 Budget Measures) Act 2009.

To be a pre-2010 student there is no requirement the course the student was undertaking on a Commonwealth supported basis prior to 2010 was a course of study in education or nursing or a related discipline or the student undertook units of study in education and nursing or related disciplines prior to 2010.

Pre-2010 arrangements apply to students who transfer from one course of study to another, including where one course of study is postgraduate and the other undergraduate, or who transfer between providers, if they meet the above requirements.

Where a student commenced a course of study as a Commonwealth supported student before 2010, the student had not completed the course of study by the end of 2009, and they take a break from their studies by deferring, they are a pre-2010 student on their return to that course of study.

Students are generally subject to the same provisions as existed when they commenced their Commonwealth supported course.

When is a person not a pre-2010 student?

A student can be a pre-2010 student only if, among other requirements, they were a Commonwealth supported student for a unit of study undertaken as part of a course of study before 1 January 2010.

A person is a Commonwealth supported student in a unit only if they remain enrolled at the end of the census date for the unit.

Therefore, a person is not a pre-2010 student if they deferred their enrolment or withdrew following enrolment from all units before the end of the first census date for a unit in their course of study, unless they meet the pre-2010 requirements for a different course of study.

A person who studied as a Higher Education Contribution Scheme student prior to 1 January 2005, but who has not undertaken any study between 1 January 2005 and 31 December 2009 that would make them a Commonwealth supported student, will not be a pre-2010 student.

Example:

- A student who is enrolled in a double or combined degree program is a pre-2010 student if they completed the requirements of only one of the awards on or before 31 December 2009.
- A pre-2010 student enrolled in a single degree program and who transfers subsequently to a combined or double degree program remains a pre-2010 student even if they complete the requirements of one of the awards.

3.6.3 Open Universities Australia (OUA) students

RMIT offers a select number of courses and programs through OUA. OUA courses studied at RMIT may lead to either an RMIT or partner university qualification, and the RMIT award is identical to those awarded to non-OUA students at RMIT.

Except for undergraduate students enrolled in a Commonwealth supported place, OUA students are charged tuition fees directly by OUA, not RMIT.

Administrative fees apply to all OUA students when they wish to register to take out an RMIT Award and/or get credit transfer. RMIT charges fees to OUA students directly for these additional services. See section 6.3.2 for more information.

3.7 Higher Education Loan Program (HELP)

A HELP loan can assist eligible students to pay their student contribution amount, tuition fees, the student services and amenities fee, or to meet overseas travel expenses. HELP is administered under the Higher Education Support Act 2003.

If an eligible student has an approved HELP loan they have the option to:

- pay the full tuition fee or student contribution by the due date
- pay some of the tuition fee or student contribution amount up-front before the relevant due date and request a loan for the remainder of their tuition fees or student contribution before their census date
- request a HELP loan for the full tuition fee or student contribution amount

While some information about HELP is provided in this document to assist students, a student's official references for HELP are the Australian Government's Study Assist website, *FEE-HELP information* booklet and *HECS-HELP Commonwealth supported places information* booklet.

The Study Assist website studyassist.gov.au contains links to their *myUniAssist* database, which is designed to help students keep track of how much Commonwealth assistance they have used. In 2020 the *MyUniAssist* database will be replaced by the *My HELP Balance* database.

The government may make changes to the legislation for HELP at any time. Should any inconsistencies arise between this document and the Study Assist website, the information contained on the Study Assist website will prevail.

3.7.1 HELP loans available – higher education students

HELP loans provide eligible students with assistance to pay all or part of their student contribution amount, tuition fees and SSAF.

The HELP loans available are as follows:

- **HECS-HELP** — for eligible students enrolled in a CSP. HECS-HELP loans cover all or part of a student's student contribution amount (course fees) only. The SSAF cannot be deferred to HECS-HELP.
- **FEE-HELP** — for eligible full-fee students. FEE-HELP is a loan that covers all or part of a student's tuition fees only. It is available to full-fee undergraduate, postgraduate coursework and research students. Undergraduate students (including Associate Degree students) are charged a **25% loan fee**, which does not count towards the HELP limit (see section 3.7.3). The SSAF cannot be deferred to FEE-HELP.
- **OS-HELP** — for eligible Commonwealth supported students who wish to study overseas. This loan is to assist with expenses such as accommodation and travel.
- **SA-HELP** — for eligible **higher education** students. SA-HELP loans are provided to cover all or part of the SSAF. Students who wish to defer the SSAF must apply for this loan **in addition** to applying for FEE-HELP or HECS-HELP.

3.7.2 VET Student Loans – vocational education students

Many RMIT vocational education programs are eligible for a capped loan under the Australian Government's VET Student Loans (VSL) scheme. This scheme was introduced in 2017 and replaces VET FEE-HELP.

A VET Student Loan can be accessed to meet all, or some, of the costs of tuition incurred by:

- eligible full-fee vocational education students who enrol in a VSL approved diploma, advanced diploma, vocational graduate certificate or vocational graduate diploma program
- eligible vocational education students in a Victorian Government subsidised place who enrol in a VSL approved diploma or advanced diploma program

The list of RMIT programs that are eligible and ineligible for a VET Student Loan is available on the [HELP loans and VET Student Loans webpage](#).

For some eligible programs, the VET Student Loan program loan limit does not cover the full amount of the tuition fee.

Any amount a student borrows under a VET Student Loan for their program (including study undertaken in the same program with a different provider) will contribute towards their VET Student Loan program loan limit, as well as their HELP loan limit (see section 3.7.3).

Program loan limits are set annually by the government. Once a student has reached the loan limit for their program they can no longer defer tuition fees for that program to their VET Student Loan.

Full-fee paying students will incur a **20% loan fee** and Victorian Government subsidised students will not incur a loan fee. The loan fee does not count towards the lifetime HELP loan limit (see section 3.7.3).

Note that students accessing a VET Student Loan will be required to complete Government issued VET Student Loan Progression and Engagement Forms at key points each year throughout their study. Failure to complete two (2) consecutive Progression and Engagement Forms will result in the government deeming the student ineligible for a VET Student Loan.

Find out more at rmit.edu.au/students/student-essentials/fees-and-payments/help-loans/keep-track-of-your-help-debt-and-vet-student-loan.

3.7.3 Combined, renewable HELP limit

From 1 January 2020, a combined, renewable HELP loan limit will replace the FEE-HELP lifetime limit and will include HECS-HELP, FEE-HELP, VET FEE-HELP and VET Student Loans (see section 3.7.5).

Only new HECS-HELP loans incurred from 1 January 2020 will be counted towards the limit.

Any existing FEE-HELP, VET FEE-HELP or VET Student Loans taken out prior to 2020 will count towards a student's new HELP balance.

3.7.4 Renewable HELP balance

From 1 January 2020, students can top up their HELP balance by making repayments on their debt (see section 3.7.10).

Compulsory repayments starting from the 2019-20 income year will top up a person's HELP balance once their tax return has been lodged and processed by the ATO. Voluntary repayments to the ATO will top up a student's HELP balance once processed by the ATO.

Any compulsory or voluntary repayments can be re-borrowed in the future, up to the current HELP loan limit. VET Student Loan program limits are still applicable and cannot be 'topped up' via repayments.

3.7.5 Combined HELP limit

Eligible students can borrow up to the HELP loan limit to pay their tuition fees.

For 2020, the HELP loan limit is \$106,319 for most students. The limit for students studying higher education programs in medicine, dentistry, veterinary science and aviation will be \$152,700.

All students are responsible for keeping track of their loan limits, and where a student reaches their HELP limit they must pay their fees directly to RMIT.

3.7.6 How to apply for a HELP loan or VET Student Loan

When enrolling via Enrolment Online, eligible students will be asked to indicate which optional loan/s they want to apply for. They will then receive an email from the Australian Government with further instructions on how to apply via the government's eCAF (electronic Commonwealth Assistance Form) portal.

Before a HELP loan or VET Student Loan can be approved, a student must meet certain requirements, including:

- verifying their identity and citizenship or residency status before they enrol
- providing their Commonwealth Higher Education Student Support Number (CHESSN) consent
- successfully validating their Tax File Number (TFN) with the Australian Taxation Office via the eCAF portal, and
- meeting any additional government requirements for the specific loan type, as stated in the relevant published loan booklet

Learn more about how to apply at rmit.edu.au/students/new-student-guide/enrol-as-a-new-student.

Australian Government requirements for HELP loans are available at:

- studyassist.gov.au/need-more-information/help-publications (HELP loans), or
- employment.gov.au/information-vet-student-loans-students (VET Student Loans)

3.7.7 Provision of a Tax File Number (TFN)

If a student is applying for any kind of HELP loan or VET Student Loan for study at RMIT they will need to supply a successfully validated TFN for their loan to be approved.

If a student has not yet been issued a TFN, but has applied for one with the ATO, they may supply a *Certificate of application for a TFN* with their eCAF and must then submit their TFN on their eCAF within 21 days.

If their TFN is not submitted and successfully validated with the ATO on or before the census date, their loan will not be approved and the student will need to pay their student contribution or tuition fee in full on or before the census date.

3.7.8 Eligibility for HELP loans and VET Student Loans

Currently, to be eligible for a HELP loan or a VET Student Loan a student must:

- be an Australian citizen and meet the residency requirements (they must study at least part of their course in Australia)
- be a New Zealand Special Category Visa (SCV) holder or permanent humanitarian visa holder and meet the residency requirements *
- submit the relevant electronic Commonwealth Assistance Form (eCAF) via the government portal by the relevant census date
- be enrolled in each unit/subject at their provider by the census date
- have a HELP balance of more than \$0
- submit a TFN that is successfully validated with the ATO by the relevant census date
- meet any other government requirements applicable to the relevant loan type

For complete information about eligibility and requirements for HELP loans and CSPs, see: studyassist.gov.au/need-more-information/help-publications.

For complete information about eligibility and requirements for VET Student Loans, see: employment.gov.au/information-vet-student-loans-students.

* A student who holds an NZ SCV may be eligible to access HELP loans or a VET Student Loan, providing they meet ALL the long-term residency requirements and other eligibility requirements.

If an NZ SCV does not meet all the criteria, they are not eligible for HELP loans or VET Student Loans. Learn more at studyassist.gov.au/help-loans/non-australian-citizens.

3.7.9 Ineligibility for HELP loans and VET Student Loans

Currently, other domestic students such as New Zealand citizens who do not meet the long-term residency eligibility criteria (see section 3.7.8) and Australian permanent residents (other than holders of a permanent humanitarian visa) are not eligible to access a HELP loans or VET Student Loan.

These students must pay their student contribution or tuition fees in full to RMIT by the due date for each course.

If a CSP student who is not eligible for HECS-HELP assistance fails to pay their student contribution amount in full by the census date, RMIT is required by Australian Government legislation to **cancel** the student's enrolment.

If a student fails to pay any of their student contribution in a standard semester, their entire program enrolment will be cancelled until the next study period.

If a student makes a partial payment only or has enrolments in other semesters with a different census date, only courses that have not been paid in full will be dropped from their enrolment for the relevant census date, accordingly.

RMIT does not have any discretion with this matter and cannot accept a student contribution payment after the census date.

If a student in a full-fee place who is not eligible for FEE-HELP assistance or a VET Student Loan does not pay their tuition by the due date, they will be considered a university debtor (see section 9).

If a VET Student Loan student fails to meet the ongoing requirement of submitting their government issued Engagement and Progression forms, they will be considered ineligible for a VET Student Loan.

3.7.10 HELP loan and VET Student Loan repayments

HELP debts and VET Student Loan debts are indexed on 1 June each year. Debts are not indexed until they are 11 months old.

Repayments occur one of two ways:

- **Compulsory payments through the Australian taxation system:** students start repaying their HELP debt to the Australian Government through the Australian Taxation system once they reach the minimum income threshold level for repayment. The repayment thresholds are adjusted each year to reflect any changes in average weekly earnings
- **Voluntary repayments to the ATO:** students can make voluntary repayments to the ATO at any time and for any amount

Repayments may 'top up' a student's combined HELP balance.

It is important to be aware that the ATO does not issue a yearly ATO statement to students.

All students are responsible for keeping track of their debt at the ATO.

For more information, please visit ato.gov.au.

3.8 Higher education – domestic and international onshore full-fee paying

3.8.1 Program fees and charges

RMIT offers a number of undergraduate, postgraduate and research places to students who are not Commonwealth Supported. The tuition fees for these programs are set on an annual basis and may be subject to change each calendar year.

Under the Higher Education Support Act 2003, domestic full-fee students in a unit of study (course) must be charged an amount equal to, or more than, what CSP students are charged for that unit.

That is, for units in which CSP students are enrolled, the full-fee tuition fee the provider sets cannot be less than the highest student contribution being paid by any CSP student for that unit. The only exception to this is where a student is enrolled in an employer reserved place.

The fees for all of RMIT's domestic full-fee programs have been set above the respective maximum student contribution amount. Appendix 1 provides a list of the average annual 2020 tuition fees for all domestic undergraduate and postgraduate full-fee programs (see Appendix 4 for tuition fees that apply to domestic postgraduate students enrolled via RMIT Online).

3.8.2 International onshore students

The Commonwealth does not contribute to educational costs for international students unless the students are in receipt of a Research Training Program International Tuition Fee Scholarship.

Furthermore, Commonwealth grant amounts provided to universities for the education of domestic students are not provided to subsidise places or services for international students.

The fees charged to international students must be greater than or equal to a minimum indicative fee specified by the Commonwealth.

All RMIT fees have been set above these minimum requirements. Appendix 3 of this document lists the 2020 average annual tuition fees for international onshore students.

3.8.3 RMIT Online

RMIT Online offers a number of fully online short courses and degrees. See Appendix 4 for the list of 2020 postgraduate tuition fees. Learn more at online.rmit.edu.au.

3.8.4 Calculating higher education tuition fees for a program or course

The information in this section does not apply to program AD023 Associate Degree of Aviation (Professional Pilots). See section 3.8.5.

A higher education student's annual tuition fees are based on the number of credit points they are enrolled in for their **program** and the fee per credit point for that program in the current year.

Example:

In 2020, a domestic student will be enrolled full-time in MC249 Master of Advertising, which has a standard full-time load of 96 credit points.

To calculate the annual tuition fee for this program, the student needs to multiply the number of credit points by the fee per credit point as follows:

Credit points		2020 fee per credit point		2020 annual tuition fee
96	x	\$280.00	=	\$26,880.00

3.8.5 Associate Degree in Aviation (Professional Pilots)

Students undertaking program AD023 Associate Degree in Aviation (Professional Pilots) will be charged a specific fee for each course, with practical flying-oriented courses attracting higher fees and theory-oriented courses attracting lower fees.

For more information, see Appendix 5 or visit rmit.edu.au/programs/ad023.

3.9 International offshore students

RMIT does not set fees for most international offshore students enrolled at a partner institution – these are established by the relevant offshore partner.

International offshore vocational, undergraduate and postgraduate by coursework students who are enrolled with an RMIT Australia campus and studying via distance education will be charged a fee equivalent to the RMIT Australia domestic full-fee for their program.

RMIT Australia PhD and master by research fees for international offshore candidates studying with RMIT Australia offshore by distance education are available in Appendix 6 of this document.

Appendix 4 lists fees for international offshore students enrolled with RMIT Online.

3.10 RMIT International University Vietnam

Australian and New Zealand students who apply directly to RMIT International University Vietnam (RMIT Vietnam) and enrol with RMIT Vietnam are subject to the fees and charges detailed at rmit.edu.vn/tuition-fees.

An RMIT Australia student participating in a cross-campus exchange will continue to be enrolled as an RMIT Australia student, paying any tuition fees or student contribution amounts as they would if their study was undertaken in Australia.

3.11 Vocational education – Victorian Government subsidised places (Skills First program)

3.11.1 Tuition fees for government subsidised places

For eligible students, this training is delivered with Victorian and Commonwealth Government funding. RMIT's Registered Training Organisation (RTO) code is 3046.

Tuition fees for a Victorian Government subsidised place vary according to each program and are updated on an annual basis.

Appendix 2 provides a list of the average annual 2020 tuition fees, as well as the amount per nominal hour, for all vocational education programs for government subsidised students.

For more information, visit rmit.edu.au/programs/fees/vocational/govtsub.

3.11.2 Free TAFE for priority programs

Under the Free TAFE scheme, from 1 January 2019, eligible students who commence an eligible priority course/program and are granted a Free TAFE place will have the tuition fees for their whole program paid for by the Victorian Government. The number of Free TAFE places available is subject to change and the Victorian Government may cap the number of Free TAFE places available for a program at their discretion.

Students must first meet the eligibility criteria for a government subsidised place, which includes location, citizenship and education history (see section 3.11.4).

Students can only access a Free TAFE program **once**, at any provider. Students assessed as eligible for a Free TAFE place can elect to accept or decline the offer of a Free TAFE place for the program.

Students will still be required to pay for other fees, such as the Student Services and Amenities Fee (SSAF), graduation fees and applicable materials fees.

Visit rmit.edu.au/programs/fees/vocational for more information and the list of Free TAFE programs offered at RMIT.

3.11.3 Program alignment with nationally endorsed training package

Each vocational education program (excluding skill set programs and courses) aligns to a nationally endorsed training package or nationally accredited course. Accredited courses address skill requirements for industry, enterprises and the community, where these are not covered in nationally endorsed training packages.

Training packages are currently developed by Industry Reference Committees, supported by Skills Service Organisations, and are regularly assessed for quality and reviewed to ensure that they continue to meet the needs of industry, students and the community.

A training package is normally endorsed for a three-year period. Where a training package is revised, RMIT, if required, will develop a transition plan for any students enrolled in that qualification.

A variation to a qualification may result in an amendment to the nominal hours of a program. If this occurs, the program's nominal hours will be updated in the fee schedule available at rmit.edu.au/fs/studentfees/schedules.

Students who are transitioned to a new program due to changes to their qualification may need to complete additional courses to meet the requirements of the new program, and the fees and VET Student Loan eligibility for the new program may be different.

3.11.4 Eligibility criteria for government subsidised places

The Victorian Government provides subsidised places for approved vocational education programs for students who meet the Skills First program eligibility criteria. The number of subsidised places available is limited and subject to government discretion.

If a student is offered a government subsidised place, they must prove their eligibility before they can enrol.

A student's eligibility for a government subsidised place will depend on their citizenship, age, prior education, the number of programs they are studying in the current year and the number of government subsidised programs they have commenced in their lifetime at each level.

There are exemptions from eligibility criteria for apprentices, students undertaking the Victorian Certificate of Education, and Foundation Skills programs.

The Victorian Government may also at any time publish additional eligibility exemptions to be applied by RTOs.

Students will be enrolled according to how qualifications are defined in the relevant industry training package. This may impact on their eligibility for a government subsidised place for individual qualifications.

More detailed information regarding eligibility for a government subsidised place is available rmit.edu.au/programs/apply/vocational/eligibility.

3.11.5 Eligibility criteria for individuals referred under initiatives or provisions

In 2020, individuals referred to training under the initiatives or provisions set out below may not be required to meet aspects of the Skills First program eligibility criteria for a government subsidised place.

Students enrolling under the Asylum Seeker VET Program, TAFE and Learn Local eligibility exemptions, LaTrobe Valley Initiative, *Skills First* Youth Access Initiative and the Back to Work Scheme will be required to pay the student contribution amount of their tuition (see section 3.11.6). They may be eligible to apply for a tuition and student services and amenities fee concession, as per the standard concession eligibility criteria (see section 3.11.7).

Eligible Individuals enrolling under the *Skills First* Youth Access initiative will have a fee waiver/exemption applied to their tuition fees and student services and amenities fees.

3.11.5.1 Asylum Seeker VET Program Initiative

Asylum Seekers are exempt from the citizenship/permanent residency eligibility requirement for a government subsidised place, for the duration of their program, or until they withdraw.

They may also be exempted from other eligibility criteria under the TAFE and Learn Local Eligibility Exemption initiative. They must meet all other eligibility criteria for a government subsidised place.

Applicants referred to training under this initiative must either:

- present RMIT with a *Referral to Government Subsidised Training form* from either the Asylum Seeker Resource Centre or the Australian Red Cross, or
- be the holder of a valid
 - Bridging Visa Class E (BVE)

- o Safe Haven Enterprise Visa (SHEV), or
- o Temporary Protection Visa (TPV)

RMIT is required to check an individual's eligibility for the Asylum Seeker VET Program by using the Commonwealth's Visa Entitlement Verification Online (VEVO) system to confirm the individual holds a valid visa, as listed above, if they do not provide the referral form.

3.11.5.2 TAFE and Learn Local Eligibility Exemptions

RMIT may exempt individuals from the 'upskilling', 'two at level in a lifetime', and/or 'two "courses in..." in a lifetime' eligibility requirements. The percentage of exemption places granted is limited by the Victorian Government and subject to change at their discretion.

RMIT must offer exemptions for individuals who present with evidence for the Retrenched workers, Automotive supply chain workers, Jobs Victoria Employment Network Clients initiatives and/or any other specific cohort as specified by the government.

3.11.5.3 LaTrobe Valley Initiative

Individuals may be exempted from the 'upskilling', 'two at level in a lifetime', and/or 'two "courses in..." in a lifetime' eligibility requirements if referred to training by the Latrobe Valley Authority or the Morwell Skills and Jobs Centre.

3.11.5.4 Back to Work Scheme

Individuals referred to training under this extension of eligibility provision must meet all Skills First program eligibility criteria, *except* the 'upskilling', 'two at level in a lifetime' and/or the 'two "courses in..." in a lifetime' requirements.

Individuals referred to training under the Back to Work scheme must present RMIT with the standard email issued by the State Revenue Office to their employer that confirms their status as a 'Back to Work' participant.

3.11.6 Calculating vocational education tuition fees for a program or course

Vocational education fees for government subsidised places are calculated based on the nominal hours of enrolment.

To calculate a student's tuition fees, multiply the total nominal hours for the course or program by the fee per nominal hour for the appropriate program listed in Appendix 2.

Example 1: Tuition fee per nominal hour for one program

A student is undertaking a Diploma and is enrolled in a total of 700 nominal hours in 2020. The tuition fee per nominal hour for the program in 2020 is \$10.00. Therefore, the 2020 tuition fee will be $700 \times \$10.00 = \$7,000.00$.

The fee charged for each semester in a calendar year may vary depending on the program's enrolment structure. For example, this student may be enrolled in and charged for 300 nominal hours in semester one and 400 in semester two.

Example 2: Tuition fee per nominal hour for multiple programs

In 2020, a student is enrolled in a Certificate IV program with 200 nominal hours and a Diploma program with 300 nominal hours. The fee per nominal hour for the Certificate IV is \$5.00 in 2020 and the fee per nominal hour for the Diploma is \$8.00 in 2020.

Therefore, the tuition fee will be:

200 x \$5.00 = \$1,000.00 (Certificate IV)

300 x \$8.00 = \$2,400.00 (Diploma)

Total 2020 tuition fees: \$1,000.00 + \$2,400.00 = \$3,400.00

3.11.6.1 Tuition fees for Indigenous students

Under the Indigenous Completions Initiative, Indigenous students in a vocational education program in a government subsidised place in 2020 who identify at enrolment are entitled to the concession tuition fee amount at all program levels.

3.11.7 Fee concessions and exemptions for students in government subsidised places

Some students in Victorian Government subsidised places may be entitled to an exemption or concession on their tuition fees.

The concession fee is 20% of the hourly fee that RMIT would have charged a non-concession student in the same government subsidised program. For more information, visit rmit.edu.au/programs/fees/vocational/concession.

3.11.7.1 Eligibility for concessions and exemptions

A vocational education student enrolled in a Victorian Government subsidised place at RMIT may be eligible to apply for an exemption or concession on tuition fees if they hold if they hold a Commonwealth Health Care Card or Pensioner Concession Card or are named on the card as a dependent child/spouse, or if they hold a Veteran's Gold Card.

For Commonwealth Health Care Cards and Pensioner Concession Cards, concessions that apply to tuition fees apply equally to the holder of the card, their dependent spouse and/or child. 'Dependent child' has the same meaning as in the *Social Security Act 1991* of the Commonwealth.

If a student has applied for but not received their concession card, they may instead provide a letter or temporary card issued by Centrelink that confirms they have applied for and been approved for a concession card. They must then provide RMIT with a copy of their health care card once it has been issued.

3.11.7.2 Judy Lazarus Transition Centre, Community based orders and Skills First Youth Access Initiative

RMIT must not charge a tuition fee for enrolment by a person who is:

- from the Judy Lazarus Transition Centre (as a prisoner within the meaning of the Corrections Act 1986). (A copy of written confirmation from the management of the Judy Lazarus Transition Centre that the individual meets the requirements must be retained.) Or,
- required to undertake the program pursuant to a community based order made under the *Children, Youth and Families Act 2005*. (A copy of written confirmation from the relevant Youth Justice Unit of the Victorian Department of Justice and Regulation that the individual meets the requirements must be retained.) Or,
- an individual referred with a validly endorsed referral form from either the Department of Health and Human Services, the Department, the Department of Justice and Regulation, or a referring agency (a referring agency is an organisation that is contracted by the Department of Health and Human Services or the Department of Justice and Regulation to deliver child protection or youth justice support services)

Evidence listed above must be lodged with the *Application for vocational education fee concession and exemption* form.

3.11.7.3 University Discretion

Authority to grant a university discretion concession is delegated to the Academic Registrar.

RMIT is permitted to grant a concession on a tuition contribution where RMIT considers that its collection in full would impose extreme financial hardship. This may include a further concession on, or exemption from, the concession charge.

3.11.7.4 When to apply for a concession

Students must apply **each academic year** and need to apply before the scheduled class start date.

If the student applies after the scheduled class start date then their concession or exemption will be applied to the next eligible class in which they are enrolled and all other eligible classes that have not yet commenced, for 12 months.

Students can apply for a fee concession **before they are enrolled**. They do not need to be enrolled in the program for the concession to be recorded. They only require an RMIT student number, which they will receive upon admission to their program. Students can contact their RMIT School for information about class start dates.

Concession fees are not available for diploma and advanced diploma programs. However, Indigenous students can access fee concessions for all vocational education programs at all levels.

3.11.7.5 How to apply for a concession

If you are the named concession card holder you can apply via Enrolment Online. If you are listed as a child or dependent, you need to apply at RMIT Connect. For more information, visit [rmit.edu.au/programs/fees/vocational/concession](https://www.rmit.edu.au/programs/fees/vocational/concession).

3.11.8 Interstate apprentices and trainees

For interstate apprenticeships, a contract signed between RMIT and the relevant State Training Authority must be in place. To facilitate this, the State Training Authority provides their contract for RMIT to sign.

Each apprentice must have a Training Contract signed by their employer that specifies the program and RMIT as the RTO.

More information is available from the RMIT apprenticeship and traineeships website [rmit.edu.au/programs/apps-trainees](https://www.rmit.edu.au/programs/apps-trainees) or at [training.gov.au](https://www.training.gov.au).

3.12 Vocational education fees for recognition of prior learning (RPL)

RPL is a process through which students can gain credit in recognised courses based on competencies gained.

The competencies may have been gained through experience in the workplace, in voluntary work, in social or domestic activities or through informal or formal training or other life experiences.

Students can apply for RPL for the courses in their program of study, from a minimum of one course to a maximum of all courses in the program.

In 2020, vocational education RPL fees for government subsidised, domestic full-fee and international students are equivalent to the standard tuition fees for the course(s) for which RPL is sought.

RPL does not include any additional training required to achieve a competency. If a student requires additional tuition before they can achieve RPL, they may apply for admission to their chosen program. Learn more at [rmit.edu.au/programs/fees/vocational/rpl](https://www.rmit.edu.au/programs/fees/vocational/rpl).

3.13 Vocational education domestic and international full-fee paying

RMIT offers a number of places in vocational education programs on a full-fee basis.

Students who are ineligible for a Victorian Government subsidised place or who are repeating a government subsidised course they have previously passed may enrol as full-fee students.

The tuition contributions, concessions and exemptions outlined in section 3.11 do not apply to full-fee enrolments.

Appendix 2 provides a list of the average annual 2020 tuition fees for all vocational education programs for domestic full-fee students.

3.13.1 Vocational education fees for international students

Appendix 3 of this document tabulates the average annual 2020 tuition fees applicable to students studying under a student visa arrangement (classified as 'international onshore' students).

3.14 Change in citizenship or residency status

International students studying in Australia who change their citizenship or residency status during the course of their study, and become an Australian citizen or permanent resident, may be entitled to pay fees at the same rate as domestic students, depending on the timing of the change in status and when the student notifies RMIT.

Please note: depending on the established fees for individual programs, changing citizenship or residency status may not necessarily result in a reduction in fees.

For a change in citizenship/residency status to be recorded, the student must submit a *Notification of change to citizenship/residency status* form, with evidence of their new citizenship or residency status to RMIT Connect in time to be processed before the relevant date, as defined below.

The relevant date is:

- for higher education students, the applicable census date
- for vocational education students, the first scheduled class start date in the applicable semester

If the student submits their change in status with accepted evidence to RMIT **before** the relevant date, the student will be eligible for a refund of any difference between the international tuition fee and the relevant domestic fee. They will then be liable for the domestic fee for their program from the date their change in status is applied to their record.

If the student submits their change in status with accepted evidence to RMIT **after** the relevant date, the change of status will be applied to the next semester. In these circumstances, the student will not be entitled to a change in fee place for the current semester.

The student will be charged the domestic fee for their program from the semester their change in status is applied. Any International tuition fees paid for future semesters, where a change in status has been applied, will be credited to the student account.

Note: students whose change of status means they may be eligible to access a HELP loan or a VET student Loan are responsible for ensuring they meet all relevant criteria and submit their electronic Commonwealth Assistance Form via the government portal by the relevant census date to access a loan (see section 3.7.6).

Students should be mindful that invitations to access the Government eCAF portal are issued by the Australian Government and RMIT is not able to facilitate loans after the census date in any circumstances.

3.14.1 Vocational education students

Vocational education students granted Australian citizenship or permanent residency status will be granted a government subsidised place when:

- their program offers government subsidised places, and
- they can prove they meet the Skills First program eligibility criteria. Students must complete an *Evidence of student eligibility declaration* in Enrolment Online once their *Notification of change to citizenship/residency status* has been processed, and
- subject to availability

If they do not meet the Skills First eligibility criteria, they will be granted a domestic full-fee place.

3.14.2 Higher education students

Higher education coursework students granted Australian citizenship or permanent residency status will be granted a domestic full-fee place. If the student wishes to study in a Commonwealth Supported Place (CSP) after their status has changed, they must re-apply to RMIT at the next intake for a CSP in their current program and their application will be considered on a competitive basis along with other applicants.

Higher education research students who are granted Australian citizenship or permanent residency may be granted a Commonwealth Research Training Program place. See section 11.

4 Student services and amenities fees (SSAF)

The SSAF is used to maintain and enhance services and amenities that improve the experiences of RMIT students.

The maximum annual fee is determined each year by the Australian Government.

In 2020, higher education and Foundation Studies students will be charged on a pro-rata basis at the rate of \$3.21 per credit point for each course they are enrolled in, up to a maximum of \$308.00 for the year.

Vocational education and Victorian Certificate of Education students will be charged on a pro-rata basis at the rate of \$0.43 per nominal student contact hour, up to a maximum of \$308.00 for the year.

If a vocational education student is eligible for a concession on their tuition fees, they are also eligible for a concession on the SSAF. In 2020 the SSAF concession rate is \$0.09 per nominal student contact hour.

Eligible higher education students can apply to defer payment of this fee via the SA-HELP scheme (see section 3.7). For more information, visit rmit.edu.au/programs/fees/ssaf.

4.1 Students charged the SSAF in 2020

A student generally will be charged the SSAF if they are an onshore student and are charged a tuition fee by RMIT.

This includes exchange students (i.e. RMIT students studying at an overseas institution with which RMIT has a formal reciprocal agreement).

4.2 Students not charged the SSAF in 2020

- Research students enrolled in a Commonwealth Research Training Program place
- Students enrolled in a program that is delivered fully-online
- Offshore students (i.e. students studying at an RMIT partner institution outside Australia, or studying with an Australian RMIT campus via distance education)
- Exchange students coming to RMIT from another institution
- Cross institutional students, including:
 - o inbound students studying at an RMIT campus in Melbourne
 - o outbound students (i.e. RMIT students attending another institution in Australia)
- Study Abroad students, including:
 - o inbound students studying at an RMIT campus in Melbourne
 - o outbound students attending an overseas institution with which RMIT has no formal reciprocal agreement
- Open Universities Australia (OUA) students, including OUA students in a Commonwealth supported place
- ELICOS students enrolled through RMIT English Worldwide
- Industry sponsored students pursuant to the terms of their individual agreements
- Vocational education students who are asylum seekers

5 Materials fees

Materials fees include fees or charges associated with field trips and goods that are used to produce items that become the physical property of students. Materials fees may only be levied with a student's signed consent. These fees are not compulsory (excluding fees for flight training courses) and students may choose to purchase these items independently.

The annual materials fee schedule is published at [rmit.edu.au/programs/fees/other](https://www.rmit.edu.au/programs/fees/other) prior to the commencement of enrolments for the following year.

The fees approved for 2020 have been reviewed to ensure consistency with the prevailing government guidelines. Appendix 7 provides a list of the materials fees for 2020.

6 Administrative fees

RMIT administrative fees cover specific additional services provided to students.

In addition, a number of fees have been approved that can be levied against a student's account as a fine or penalty when university regulations are broken, or borrowed goods are not returned. These fees are principally levied as a disincentive.

Appendix 8 details a full list of administrative fees and charges. This list is also published at [rmit.edu.au/programs/fees/other](https://www.rmit.edu.au/programs/fees/other).

For some administrative fees and charges, information about how they will be levied is noted below.

6.1 Late enrolment fee

Higher education students who fail to re-enrol by their specified time and date, and who subsequently receive approval to re-enrol late, will incur a late enrolment fee of \$220.00.

The late resolution of any outstanding debts will not be considered as justification for waiving the late enrolment fee.

Appeals against the late enrolment fee must be directed to the Associate Director, Enrolment and Student Records in writing with documentary evidence (e.g. medical certificate) in support of the student's application.

For more information visit rmit.edu.au/students/student-essentials/enrolment/late-enrolment.

Fee code	2020 fee incl GST	Description of fee
ADM43	\$220.00	Late Enrol Fee – SEH (College of Science, Engineering and Health)
ADM44	\$220.00	Late Enrol Fee – DSC (College of Design and Social Context)
ADM46	\$220.00	Late Enrol Fee – BUS (College of Business)

6.2 Fines and charges fees

6.2.1 Library loans

To ensure fair access to RMIT resources for all Library users, fines and penalties apply for the late return of items.

The Library will renew item loans automatically, unless there is a hold request, or a student reaches a maximum borrowing time of 12 months (3 months for CAVAL borrowers).

Fee code	2020 fee incl GST	Description of fee
ADM16	\$0.50 per item for each day the item is overdue and \$5.00 per hour for overdue Reserve material	Fine for overdue materials
AF1	Variable	Replacement charge for lost materials

6.2.2 Overdue loans

The following penalties apply to students for the late return of Library items.

Items less than 90 days overdue:

- borrowing rights will be suspended at all RMIT University Library sites

- students will be fined \$0.50 per day for each overdue item (Reserve material will be charged at \$5.00 per hour)
- students will not be able to pick up holds or borrow from RMIT Libraries until they:
 - return overdue items through the chute and wait for the Library to clear them from their record
 - pay in full any accumulated overdue fines that reached \$25 and above

Items more than 90 days overdue:

- the item will be treated as lost and students will have replacement costs and overdue fees (50 cents per day) charged to their library account
- if the student returns the item before it becomes 180 days overdue:
 - the Library will waive the replacement cost
 - the student will still need to pay the overdue fees in full before the Library can clear their account

Items more than 180 days overdue:

- the Library will remove the item from the student's record
- the Library may buy the replacement
- the student will need to pay replacement costs and other associated library fees in full before the Library can clear the student's account
- the Library will not accept returns of items after 180 days.

Please note: the replacement cost is based on actual costs as defined by the Library.

Visit rmit.edu.au/library/borrowing-and-collections/membership-borrowing-and-returns for more information.

6.2.3 Car parking fees

RMIT provides students with a number of casual and permit parking options at its City, Brunswick and Bundoora campuses.

Detailed information about campus parking and the rates that apply are available at rmit.edu.au/students/support-and-facilities/campus-facilities.

Instructions on how to apply for a parking permit are included in the following table:

Campus	How
City	RMIT's commercial car park in Building 91 (110 Victoria Street) is independently managed by Care Park. Care Park can be contacted at cpsales@carepark.com.au or 03 9682 1733. Fees apply.

Campus	How
Brunswick	<p>Parking at the Brunswick campus is free. However, students must register for a permit and access to the boomgates. Students can register for a permit online through the EasyPark system by visiting rmit.easyparksystem.net/permit-ss.</p> <p>After registering, to have access to the boomgates added to their student card, students should email their EasyPark receipt and the serial numbers on the back of their student card to rmitsecurityaccessrequest@rmit.edu.au.</p> <p>Short course students Parking barcodes will be sent to students with their course confirmation. Students who have not received their parking barcode should contact shortcourses.fashionandtextiles@rmit.edu.au.</p>
Bundoora	<p>Students can register for a bi-annual or annual parking permit online through the EasyPark system at rmit.easyparksystem.net/permit-ss. Fees apply.</p>

6.2.4 Car parking fines

Students are required to observe parking regulations on campus and are likely to be issued a Parking Infringement Notice (PIN) / fine if they breach parking regulations.

Failure to purchase a permit or pay a parking fine will have the same consequences as not paying any other student fee (see section 9).

For more information, visit rmit.edu.au/students/support-and-facilities/campus-facilities.

6.3 Special administration services

Students enrolled at RMIT will receive administration services such as confirmation of enrolment and online tax invoicing without charge.

All RMIT students also receive one award transcript free of charge after conferral. The additional special services listed in this section may be provided on application.

6.3.1 Administration fees applying to international students

A non-refundable application fee (ADM14) is payable by international students who submit an application to undertake an RMIT program.

In addition, an international student may request an additional administration service of an airport pick up (ADM12, ADM167) on their arrival in Melbourne.

These and other special administrative charges for international students are noted in the following table.

Fee code	2020 fee incl GST	Description of fee
ADM12	\$100.00	Tullamarine Airport pickup service. Penalty fee only utilised if student books service and does not utilise it.
ADM167	\$100.00	Avalon Airport pickup service. Penalty fee only utilised if student books service and does not utilise it.
ADM14	\$100.00	Application fee for prospective international students.
ADM66	\$200.00, and additional fees may apply depending on date of application for refund or transfer of fees.	RMIT English Worldwide ELICOS withdrawal fee. Fee charged is determined by transfer or withdrawal date as per refund policy. See section 12.5.7.

QP62	Fine	Fee charged to Foundation Studies (Science, Engineering and Health) students who withdraw after their program commencement date up to census date. Withdrawal charges will be 50% of the Foundation Studies first semester tuition fees.
QP63	Fine	Fee charged to Foundation Studies (General) students who withdraw after their program commencement date up to census date. Withdrawal charges will be 50% of the Foundation Studies first semester tuition fees.

6.3.1.1 Overseas Student Health Cover (OSHC)

All international students holding an Australian student visa are required to maintain valid OSHC with an approved OSHC provider.

Students will not require OSHC if they are:

- a Norwegian student covered by the Norwegian National Insurance Scheme
- a Swedish student covered by the National Board of Student Aid or by Kammarkollegiet
- a Belgian student covered under the Reciprocal Health Care Agreement with Australia

- studying for less than three months on a visitor or tourist visa. You will not be eligible for OSHC and are advised to purchase Overseas Visitors Health Cover or comprehensive travel insurance
- an Australian Government scholarship student

The Department of Home Affairs (DHA) has implemented mandatory Visa Length Cover as a requirement for all student visa applications. This means students must show DHA that they have OSHC for the **entire** proposed duration of their student visa.

Masters by research and PhD students

DHA provides an 'increased visa period' to all international students applying for a new visa subclass 574 (Master by research or PhD). The visa period increases by a further six months after a student's completion date. Therefore, a student will need to ensure they have valid OSHC for the full increased visa duration.

Medibank Overseas Student Health Cover

RMIT will arrange visa-length cover with its preferred OSHC provider Medibank Private, and payment of OSHC needs to occur at the time of accepting an offer. Students can also arrange cover through other approved OSHC providers.

For more information, visit rmit.edu.au/international/oshc.

6.3.2 Administration fees applying to Open Universities Australia (OUA) students

Excluding undergraduate students enrolled in a CSP, OUA students are charged tuition fees directly by OUA, not RMIT. RMIT charges fees to OUA students directly for additional services provided to OUA students.

For more information about OUA please visit its website open.edu.au.

The following fees are applicable for the 2020 year:

Item	2020 fee incl GST
OUA - Degree Registration Fee (ADM81 BUS, ADM82 SEH, ADM83 DSC)	\$120.00
OUA - Credit Transfer Fee (ADM84 BUS, ADM85 SEH, ADM86 DSC)	\$60.00
OUA – Combined fee for assessment of credit and registration (ADM142 DSC, ADM143 SEH, ADM144 BUS)	\$180.00

7 Childcare Centre fees

RMIT provides a childcare service to students via the City Campus Children's Centre. Failure to pay childcare service fees by the due date may result in the application of penalties, or the withholding of services as outlined in section 9.

The following table details the fees and fines that apply to this service in 2020:

Description	2020 fee incl GST
Childcare fees (student parents)	\$115.00 per day
Fee for late collection of children after 5:45 pm	\$20.00 for every five minutes or part thereof

8 Bundoora on-campus accommodation

RMIT has student accommodation at its Bundoora campus offering great facilities and a community environment.

Pricing for UniLodge@RMIT Bundoora, also known as Walert House, is available at rmit.edu.au/students/support-and-facilities/student-support/accommodation.

A student who fails to pay their UniLodge@RMIT Bundoora accommodation fees by their due date will be subject to the penalties and/or the withholding of services as outlined in section 9 below.

9 Debtors – overdue balance and penalties

RMIT students are required to pay their fees by the due date shown on their tax invoice, as agreed to in the Statement of Student Responsibilities. For more information, visit rmit.edu.au/students/student-essentials/rights-and-responsibilities/student-responsibilities/statement.

Each charge has a due date and some dates may vary. It is a student's responsibility to keep track of their due dates.

Students can check the 'Summary of Charges by Due Date' section in the Account Statement of their Tax Invoice or logon to their online account to see how much they need to pay by when (see section 10).

9.1 Debtor restrictions

Students will have debtor restrictions applied to their student record if they do not pay their fees by the due date. They may also have their enrolment **cancelled** (see section 9.2).

Debtors cannot enrol, add classes, obtain a transcript of results or Statement of Academic Completion, view their academic history (results) via Enrolment Online or receive an award (graduate) until the debt is paid in full.

Therefore, it is important for students to dispute a fee as soon as possible if they think they have been incorrectly charged.

9.1.1 Fee disputes

Students who wish to dispute a fee must contact RMIT Connect as soon as possible. Submission of any supporting documents must be sent from their RMIT student email account and should include their Student ID (example: s1234567) in all correspondence.

Once their email is received, their disputed charge will be suspended until RMIT completes its investigation.

If after investigation the student is found liable for the fee/s, they will be required to make immediate payment.

9.2 Cancellation of enrolment due to non-payment

If a student does not pay their tuition fees of \$500.00 or more by the due date, RMIT is entitled to cancel their enrolment in all current programs.

If a student's enrolment is cancelled they will:

- be cancelled in all of their current programs even if they have paid (or have an approved HELP loan) for the other program/s they are enrolled in
- still have to pay the tuition fees for any course they have already received a grade for or that has already finished and any materials or other fees e.g. library fines, and these fees will be referred to a debt collection agency (see section 9.2.1)
- have to reapply to RMIT if they wish to continue their studies in the cancelled program/s

9.2.1 Referral to debt collection

If a student has more than \$500.00 of unpaid tuition fees in their account after the due date and their enrolment is cancelled, the fees listed below will be referred to a debt collection agency:

- tuition fees of \$500.00 or more for a course for which they have already received a grade, or if the course has finished
- tuition fees of \$499.99 or less
- all materials and other fees e.g. library fines

Students who are referred to a debt collection agency will incur additional costs and their personal credit rating may be affected.

RMIT Credit Management will contact students who have overdue charges by email and letter, to request that they pay these charges immediately.

Once a debt has been referred to an external debt collection agency, all verbal and written communication will come from the agency. The student will continue to receive communication from RMIT for any charges that have not been referred to the agency.

9.2.2 HELP loan applicants

Students who have their enrolment cancelled because they did not pay their tuition fees by the due date will have their enrolment cancelled in all current programs, even if they have an approved HELP loan for the other program/s that they are enrolled in.

9.2.3 Cancellation of enrolment review process

If a student has their enrolment cancelled by RMIT due to non-payment of their tuition fees, they may be permitted to be reinstated and re-enrolled if they are able to make full payment of all outstanding fees within 14 days of their cancellation.

International students under the age of 18 must make full payment within 7 days of their cancellation in order to be reinstated and re-enrolled.

All international students on a student visa should be advised that reinstatement will require confirmation that they are not in breach of the conditions of their visa.

RMIT Online students must request reinstatement within 5 days of cancellation of their enrolment.

Reinstatement into a program cancelled due to non-payment is only permissible on one occasion, and a \$275.00 administration fee applies (ADM140).

9.2.4 Student visa implications

An international student on a student visa subject to the ESOS Act who has their enrolment cancelled will be reported to the Department of Home Affairs (DHA), and the student may have to leave Australia. The student's visa may be cancelled by DHA as a result of the student failing to maintain enrolment.

9.3 Financial assistance

If a student is having trouble paying their fees, RMIT recommends the following options that students contact a Student Wellbeing Advisor to discuss what financial assistance may be available.

Students may also:

- reduce their fees by varying their enrolment
- apply for a leave of absence for a semester, or
- if they cannot afford their tuition fees, they may need to cancel their enrolment

9.3.1 Fee extension

In exceptional circumstances that exist outside a student's control and subject to the approval of the fee extension panel, a student may enter into a tuition fee payment extension arrangement with RMIT.

Students who meet the eligibility criteria must provide supporting documentation to RMIT Connect as soon as possible and no later than **7 days prior** to the charge due date, as detailed on their tax invoice.

Payment extensions will only be permitted for tuition fees - all other charges must be paid in full by the due date as listed on the student tax invoice. Applications will then be assessed and an outcome provided to the applicant.

Where a fee payment extension has been granted and the fees are not paid by the agreed date(s), the student's enrolment may be **cancelled**.

Students in a CSP are ineligible for a fee payment extension, even if they do not meet the eligibility criteria for a Commonwealth loan scheme (see section 3.7.7).

10 Payment of fees and charges

Prior to the start of the 2020 academic year, students who have enrolled will receive an invoice detailing all of their fees and charges for the following year. Students will receive an additional invoice each time they vary their enrolment or incur any additional charges.

Students will have debtor restrictions applied to their student record if they do not pay their fees by the due date(s). They may also have their enrolment **cancelled**. See section 9 for more information.

10.1 Tax invoices

Students can access their RMIT financial details and view their latest and past invoices by logging into myRMIT (rmit.edu.au/myrmit) and navigating to the Enrolment Online page.

Students will have a notification email sent to their RMIT student email account when their tax invoice is available to view online. Students are required to regularly check and read all RMIT messages.

They will also receive an up-to-date invoice whenever there is activity in their account, e.g. they make a payment, drop or add a course.

During this overnight process a PDF of their latest tax invoice will be uploaded to Enrolment Online and a copy sent to their RMIT student email account.

More information about tax invoices is available at rmit.edu.au/students/taxinvoice.

10.2 Payment options

Students can find payment options in their online account, on the Paying your fees webpage at rmit.edu.au/students/payment and on their tax invoice.

Students should allow at least three business days prior to the due date for an electronic payment to be transferred to their RMIT account.

11 Discounts, fee waivers and scholarships

The Higher Education Support Act 2003 does not permit universities to apply discounts or waive tuition fees for full-fee students.

The only exception to this requirement is in the instance of domestic Research students who are enrolled in a Commonwealth Research Training Program place. However, universities may award full-fee students a scholarship to pay all or part of their tuition fees.

11.1 Scholarships

A wide range of scholarships are available to assist students while undertaking study at RMIT. Many of these have been established to assist students in specific circumstances.

For further information, please contact the Scholarships Office or visit the website rmit.edu.au/students/life-and-work-opportunities/scholarships.

11.2 Authorisation/approval of partial scholarships

Applications for a partial scholarship are only permissible if the *Tuition fee partial scholarship* form is completed, approved and signed-off by the relevant Dean, Head of School, College Director, Planning and Resources or equivalent funding the scholarship.

Partial scholarships can be granted on the basis of compassionate, marketing, staff and other grounds, or be used to correct university errors and support research efforts.

Staff can learn more at rmit.edu.au/staff/services-and-tools/professional-services/finances (staff login required).

12 Refund rules

12.1 Credit balance

A credit balance results when the total of the credits posted to a student's account exceeds the total of the charges applied to that account for a specific term or semester.

A student may have their financial account credited due to timely:

- changes to their enrolment load
- withdrawal from their program, or
- an approved leave of absence

12.2 Refund conditions

The refund guidelines for RMIT University observe the principles outlined in the Code of Ethical Practice published by the Australian Vice Chancellors' Committee (AVCC) and the Education Services for Overseas Students (ESOS) Act 2000.

These guidelines apply equally to all new and re-enrolling students unless otherwise stated.

A student is only eligible for a refund on a credit balance if the credit amount is the result of payment after all fees and charges have been applied.

All refund requests are also conditional on the following:

- the funds for the refund must be available (bank drafts cleared, telegraphic transfers received, etc.) and
- any debts to RMIT University must be paid in full or the outstanding amounts will be deducted from the refund

12.3 International students – payment methods

An authorised refund will be processed, where possible, using the same method as a student's original payment; e.g. if the payment was made by credit card, the refund will be processed to the same credit card. Where payment has been made by credit card RMIT reserves the right to request proof of payment.

RMIT can transfer a student's refund into an overseas account, which may take up to 6 weeks to reach the student's bank.

Any refund can be transferred in Australian Dollars (AUD) if the bank accepts AUD. Where the bank does not accept AUD, any refund will be made in the currency of the country of permanent residence and payable in that country.

Exceptions can include non-tradeable currencies, where the refund could then be paid in US Dollars. RMIT University is not liable for any variance from foreign exchange rates fluctuations.

12.4 Apply for a refund

Credit balances within student accounts will not be remitted automatically. For more information about refunds and to apply for a refund online, visit the [Refunds webpage](#).

12.5 Actions that may result in the re-crediting of fees or other charges

12.5.1 Domestic students (Commonwealth supported and full-fee)

12.5.1.1 Payment of up-front contribution

A student who withdraws from a program or course at RMIT on or before census date or who is otherwise eligible for a refund in accordance with the relevant section of these instructions, resulting in a credit to their account from their up-front contribution, is eligible either for a refund of the full amount they have paid for their student contribution or to carry forward a credit balance.

12.5.1.2 SA-HELP

Students who withdraw on or before census date will not be liable for the SSAF previously applicable to their enrolment. If a student opted for SA-HELP, they will no longer be liable.

If a student has not opted for SA-HELP and they paid their SSAF up-front to RMIT, the student's account will be re-credited for the SSAF amount paid up-front and they can apply for this credit to be refunded.

Students who withdraw after the census date will remain liable for the SSAF for that semester.

If a student opted for SA-HELP, the SSAF deferred to SA-HELP is not refundable after the census date. There is no remission of debt in special circumstances for SA-HELP.

12.5.1.3 Remission (removal) of debt in special circumstances

A student may be eligible for:

- remission (removal) of their VET Student Loan, HECS-HELP or FEE-HELP debt for a course, and/or
- a refund of their up-front payment of a student contribution for a course

if:

- circumstances outside their control prevented them from passing the course, and
- the circumstances arose or their full impact became apparent on or after the course census date, so they were unable to withdraw before the census date, and
- they hadn't already clearly failed the course at the time the circumstances arose

Information on how to apply is available via the *Application for remission (removal) of debt in special circumstances form*, available at rmit.edu.au/students/student-essentials/forms.

There are no provisions under the Higher Education Support Act 2003 to have a debt remitted if students have already successfully completed the unit of study.

12.5.1.4 Refund calculation for domestic students

Tuition fees are calculated according to a student's enrolled load. Full (100%) refund of tuition fees is available for program withdrawal before the census date or for those courses dropped before the census date.

Table A lists the refund a student is entitled to after the census date.

Cancellation of program enrolment after census date due to exceptional circumstances may be accepted as grounds for a full or partial refund of any pre-paid tuition fee, subject to the provision of acceptable documentary evidence and at the discretion of the Academic Registrar.

Table A

Reason for refund	After census date	Notes
Program withdrawal, failure to meet offer letter conditions	0%	
Program withdrawal, following leave of absence	0%	The <i>Cancellation of program enrolment</i> request and any supporting documentation must be submitted along with the refund application.
Program withdrawal	0%	
Program deferment	0%	
Permanent residence status is granted	0%	Student must submit a <i>Notification of change to citizenship/residence status</i> form to RMIT Connect before applying for a refund of any re-credit that may occur due to a difference between their program's international and domestic tuition fee.
RMIT cancels program or program ceases to be provided	100%	
RMIT has not provided program in full	100%	
RMIT cancels program or program ceases to be provided	100%	
RMIT has not provided program in full	100%	

12.5.2 RMIT Online students

The Refund calculation rules for domestic RMIT students (section 12.5.1.4) apply to domestic, international onshore and international offshore students enrolled in a degree with RMIT Online.

Course deferral and withdrawal information for students enrolled in a short course with RMIT Online is available at online.rmit.edu.au/faq?.

12.5.3 Commencing international students

For the purposes of these rules, a student is defined as a commencing student if they intend to enrol or are enrolling in a particular program for the first time with RMIT or, in the case of offshore students articulating to onshore, when they commence their studies in Australia.

A student is defined as a returning student if they are re-enrolling in a program in which they have already undertaken study at RMIT.

12.5.3.1 Accepting an offer

By accepting a place as a full-fee paying international student at RMIT, an international student enters into an agreement with RMIT for a study program and accepts the terms and conditions of the refund rules.

This agreement is for the period of the expected duration of the student's program, or duration of programs where an offer for a program or package of multiple programs is accepted.

This agreement means there is an obligation on the student's behalf to pay the published program fees throughout the student's enrolment.

12.5.3.2 Non-refundable fees

If you have paid for Overseas Student Health Cover (OSHC) through RMIT and you are refused a visa offshore, RMIT will arrange your OSHC refund on your behalf.

Otherwise, you will need to contact Medibank directly to arrange a refund of your OSHC. Medibank contact details are available on RMIT's [Medibank on Campus webpage](#).

Application fees are non-refundable, but if a student's application is successful the application fee will be credited to their tuition fee deposit once they accept their offer and commence their program.

12.5.3.3 Granting of permanent residence

International students who are granted permanent residence may pay domestic student full-fees instead (if they are not granted a higher education CSP or a vocational education Victorian Government subsidised place), depending on the timing of the change. See section 3.14 for more information.

12.5.3.4 Student visa implications

As required by law, RMIT must report any student visa holder who does not have a current enrolment, or who withdraws from a future program, to the Department of Home Affairs (DHA), and the student may have to leave Australia.

The student's visa may be cancelled by DHA as a result of the student failing to maintain enrolment.

12.5.3.5 Provider default

If an offer of a place is withdrawn or RMIT is unable to provide the student's program in full, a full refund will be provided within 14 days of the provider default date.

12.5.3.6 Supporting documentation

Students who submit an *Application for refund form* are permitted to provide supporting documentation for 10 working days following submission of the refund form, which is available online on the [Refunds webpage](#).

12.5.3.7 Refund rule tables for commencing international students

The following tables outline scenarios that apply to commencing international students applying for a refund.

Suitable evidence to support the claims being made must be provided with the refund application.

An official English translation is required if documents are provided in a language other than English.

Table B 1: Full refund

Reason for refund	Evidence required	Timing to submit refund
RMIT is unable to provide program or program does not start on agreed date	Evidence not required.	Within 1 year of proposed program commencement date
Visa refusal	Copy of official visa refusal letter from DHA	At any time
Withdrawing from study due to Australian permanent residence	Evidence of granted Australian immigration permanent residence before census date	Within 1 year of program commencement date or the date of change of visa status, whichever is later
You have attempted your pathway program(s), failed subjects and cannot meet the condition(s) of your subsequent RMIT offer(s)	Evidence proving conditions not met	Within 1 year of subsequent program commencement date

Reason for refund	Evidence required	Timing to submit refund
Cannot provide release letter from current education provider	Proof of refusal of release letter	Within 1 year of proposed program commencement date
Students who apply for a refund and are transferring to an RMIT international partner or RMIT Vietnam campus	Evidence of enrolment in the partner provider institute	Within 1 year of proposed program commencement date
Illness	Officially certified copy of medical documentation establishing dates of illness. If the illness is of a close family member, proof of relationship documentation (i.e. birth certificate) is also required	Within 1 year of program commencement date
Visa issue including rejection of a new visa application / Visa not issued by enrolment date	Email correspondence from Australian immigration department showing that visa issue prevented enrolment.	Within 1 year of program commencement date
RMIT unable to issue Confirmation of Enrolment due to Streamlined Visa Processing risk assessment.	Evidence not required	Within 1 year of program commencement date
Death of close family member	Officially certified copy of death certificate plus proof of relationship documentation (i.e. birth certificate)	Within 1 year of program commencement date
Military service during study period	Official government document confirming dates of military service	Within 1 year of program commencement date
Exceptional circumstance (as determined by RMIT)	Evidence confirming the exceptional circumstance	Within 1 year of program commencement date
Overpayment	Proof of payment / receipt. RMIT reserves the right to request an explanation for the payment	Within 1 year of program commencement date. RMIT reserves the right to process an authorised refund, where possible, using the same method as an original payment (see section 12.3)

Reason for refund	Evidence required	Timing to submit refund
Scholarship granted	Proof of scholarship granted	Within 1 year of program commencement date

Table B 2: Partial refund

Reason for refund	Evidence required	Timing to submit refund and associated charges
Personal reasons such as: job offer, homesickness, change of mind, change of study plans, failure to enrol by RMIT deadlines or financial considerations	No evidence required	Refer to Table B 3 below
Voluntary discontinuation of current program where student also has offers for future packaged programs	Copy of <i>Cancellation of program enrolment</i> request. Note: a full refund will be granted for any future programs	Refer to Table B 3 below (for cancelled program)
Incorrect information or documentation supplied as part of the application process, i.e. fraudulent documents	Determined by RMIT	Refer to Table B 3 below

Table B 3: Partial refund – timing and refund amount

Timing	Refund amount
4 weeks or more before program commencement date	Deposit minus \$500.00
Less than 4 weeks and up to program commencement date	Deposit minus \$1000.00
After program commencement date up to census date	Deposit minus \$5000.00 (note for Foundation Studies: withdrawal charges will be 50% of the Foundation Studies first semester tuition fees)
After census date	No refund

Table B 4: No refund

Reasons for refund application	Refund amount
<p>Cancellation of program enrolment after census date or failure to enrol without deferring to a later commencement date before census date</p> <p>Cancellation of program enrolment after census date due to exceptional circumstances (as determined by RMIT) may be accepted as grounds for a full or partial refund of any pre-paid tuition fee, subject to the provision of acceptable documentary evidence.</p>	No refund

12.5.3.8 International student appeals against a refund decision

Students may appeal a refund decision where they can provide further evidence of compelling or compassionate circumstances that was not available at the time of the original decision.

12.5.4 Continuing international students

For the purposes of these rules, a student is defined as a commencing student if they intend to enrol or are enrolling in a particular program for the first time with RMIT or, in the case of offshore students articulating to onshore, when they commence their studies in Australia.

A student is defined as a returning student if they are re-enrolling in a program in which they have already undertaken study at RMIT.

Cancellation of a student's enrolment after census date due to exceptional circumstances may be accepted as grounds for a full or partial refund of any pre-paid tuition fee, subject to the provision of acceptable documentary evidence and at the discretion of the Academic Registrar.

No refund will be granted if a continuing international student studying in Australia:

- has their visa cancelled by the Australian immigration department for a breach of visa conditions, or
- is suspended or excluded from RMIT due to misconduct

12.5.5 Student visa implications

RMIT will report any international student visa holder who does not have a current enrolment to the DHA, and the student may have to leave Australia. The student's visa may be cancelled as a result of the student failing to maintain enrolment. If a new visa application is refused, students will incur an administration fee of \$500.00.

12.5.5.1 Granting of permanent residence

International students who are granted permanent residence may pay domestic student full-fee fees instead (if they are not granted a higher education CSP or a vocational education Victorian Government subsidised place), depending on the timing of the change. See section 3.14 for more information.

12.5.5.2 Provider default

If an offer of a place is withdrawn or RMIT is unable to provide the student's program in full, a full refund will be provided within 14 days of the provider default date.

12.5.5.3 Refund calculation for continuing international students

Tuition fees are calculated according to a student's enrolled load. Full (100%) refund of tuition fees is available for program withdrawal before the census date or for those courses dropped before the census date. An administration fee will apply where an international student's visa application is refused.

The following table lists the refund a student is entitled to after the census date.

Table C

Reason for refund	After census date	Notes
Program withdrawal, failure to meet offer letter conditions	0%	
Program withdrawal, following leave of absence	0%	The <i>Cancellation of program enrolment</i> request and any supporting documentation must be submitted along with the refund application
Permanent residence status is granted	0%	Students must submit a <i>Notification of change to citizenship/residence status</i> form to RMIT Connect before applying for a refund.
RMIT cancels program or program ceases to be provided	100%	For international students, refunds will be paid in accordance with the provisions of the ESOS Act. Refunds will be made within 14 days of the provider default date. Alternatively, the student may be offered and accept enrolment in a suitable replacement program at the same cost.

Reason for refund	After census date	Notes
RMIT has not provided program in full	100%	For international students, where the program is not provided in full due to sanctions as per the ESOS Act Part 6, refunds will be paid in accordance with the provisions of the ESOS Act. Refunds will be made within 14 days of the provider default date. Alternatively, the student may be offered and accept enrolment in a suitable replacement program at the same cost.
Visa application is refused	100% less administration charge	Documentary evidence of the refusal from Australian immigration department must be provided along with the refund application. An administration fee will apply.
Reduction of enrolled load (credit points/nominal student contact hours (SCH))	0%	
Overpayment	100%	Overpayments in credit in a student's account may be refunded. RMIT reserves the right to process an authorised refund, where possible, using the same method as an original payment (see section 12.3).

12.5.6 International students studying outside Australia but enrolled with and pay fees to RMIT Australia

Tuition fees are calculated according to a student's enrolled load.

Full (100%) refund of tuition fees is available for program withdrawal before the census date or for those courses dropped before the census date.

Cancellation of a student's enrolment after census date due to exceptional circumstances may be accepted as grounds for a full or partial refund of any pre-paid tuition fee, subject to the provision of acceptable documentary evidence and at the discretion of the Academic Registrar.

12.5.6.1 Refund calculation for international students studying outside Australia but enrolled with and pay fees to RMIT Australia

The following table lists the tuition fee refund a student is entitled to after the census date:

Table D

Reason for refund	After census date	Notes
Program withdrawal, failure to meet offer letter conditions	0%	
Program withdrawal, following leave of absence	0%	The <i>Cancellation of program enrolment</i> request and any supporting documentation must be submitted along with the refund application
Program withdrawal	0%	
Program deferral	0%	
RMIT cancels program or program ceases to be provided	100%	
RMIT has not provided program in full	100%	
Reduction of enrolled load (credit points/nominal student contact hours (SCH))	0%	
Overpayment	100%	Overpayments in credit in a student's account may be refunded. RMIT reserves the right to process an authorised refund, where possible, using the same method as an original payment (see section 12.3)

12.5.7 RMIT English Worldwide (REW)

RMIT Training is a commercial arm of RMIT that delivers pathway programs to ensure international students are 'University Ready'. RMIT English Worldwide's Academic English program provides students with the English and academic skills they need to succeed at university.

Please visit rmittraining.com/academic-english for the complete REW refund and transfer of fees guidelines.

13 Financial liability

The financial liability of a student's enrolment will remain unless the student varies or formally cancels their enrolment by the appropriate date.

Withdrawal from a course or program using Enrolment Online, lodgement of an approved *Enrolment variation*, *Leave of absence* or *Cancellation of program enrolment* form with RMIT or RMIT Training are the only mechanisms to withdraw from a course or program of study (see section 2.2).

Failure to lodge the appropriate request before the deadline will result in the tuition liability remaining and the appropriate debt recovery actions will be enforced.

1. The financial liability of a student's enrolment will remain unless an *Enrolment variation*, *Application for leave of absence* or *Cancellation of program enrolment* request is submitted by the census date.
2. No changes to enrolment will be made after the census date unless there is evidence of a university error.
3. Cancellation of program enrolment by the census date does not exempt commencing international or REW students from financial penalties such as administration fees and withdrawal penalties specified in the refund rules. If a commencing international student meets the criteria for a refund for a future program but owes RMIT fees, the holding deposit will reduce the debt owed to RMIT by the refund entitlement amount.
4. There will be no financial tuition fee liability for continuing international students and domestic students who formally cancel their program enrolment by the applicable census date.
5. All students may be liable for materials fees at the discretion of their school. These fees will be advised to students before enrolment, will comply with government requirements and will have been approved by RMIT as per the Approved schedule of fees and charges.
6. Students will be liable for any outstanding library fees or late fees for previous late payments.
7. Students who owe RMIT outstanding fees will not be eligible for a refund.
8. Cancellation of a student's program enrolment after census date due to exceptional circumstances may be accepted as grounds for a full or partial refund of any pre-paid tuition fee, subject to the provision of acceptable documentary evidence and at the discretion of the Academic Registrar.

13.1 Student Services and Amenities Fee (SSAF)

The SSAF is charged on a pro-rata basis.

If a student withdraws on or before the census date, the SSAF previously applicable for their enrolment for that semester will be re-credited to their account, if payment of the SSAF had already been made in full.

If a student withdraws after the census date, the SSAF will not be re-credited for that semester of study.

13.2 Materials fees

Materials fee refunds for goods, excursions and global intensives are at the discretion of the relevant teaching school.

Refunds for materials fees cannot be processed until the school approves the removal of charges. An administrative fee may also be charged for late withdrawal from an excursion or global intensive. More information about materials fees is available at rmit.edu.au/programs/fees/other.

Appendix 2 – Domestic vocational education government subsidised & full-fee program fees

1. Nominal hours may vary depending on electives chosen by student.
2. The student tuition fees as published are subject to change given individual circumstances at enrolment. These are tuition fees only, and do not include the SSAF or any materials fees that may apply.
3. Students may be entitled to a concession on their tuition and student services and amenities fees if they are in a Victorian Government subsidised place and meet the eligibility criteria to apply for a concession. If their application for a fee concession is successful, they will be charged a concession rate equivalent to 20% of the tuition fee payable by non-concession students in a government subsidised place for their program.
4. Diploma & advanced diploma students are not eligible for a concession or exemption of tuition fees. Aboriginal and Torres Strait Islander students can access concession rates at all program levels (including diploma & advanced diploma).
5. RPL fees are equivalent to the standard tuition fees for the course/s for which RPL is sought.
6. Tuition fees for government subsidised places have been established in conjunction with the proposed 2020 Victorian Government program subsidy rates. If the government varies these rates in 2020, RMIT reserves the right to amend tuition fees for impacted programs accordingly.

Appendix 5 - Associate Degree in Aviation (Professional Pilots) fees

rmit.edu.au/programs/ad023

Plan AD023A and AD023BN

These fees apply to both domestic and international students. AD023BN is not currently open to international students studying on a student visa. International students who hold a different visa type may be eligible.

Students need to complete the following core courses to graduate, which total 144 credit points. Students also need to complete 48 credit points from one of three specialised streams (Instrument, Instructor or Academic). Students will be required to repeat any failed courses in order to be accredited and will be charged the fee for that course again.

Fees are subject to annual indexation and the fee charged will depend on the year the course is completed.
